RIVER NOW RECEDING

NO FURTHER DAMAGE FROM THE FLOOD IS APPREHENDED AT CLIFTON, ARIZ.

EIGHTEEN PEOPLE DROWNED

THE MAJORITY OF THOSE WHO PERISHED ARE BELIEVED TO BE FOREIGNERS.

El Paso, Tex., Dec. 6.—A special dispatch from Clifton, Ariz., the first authentic news out of that city since the flood prostrated all wires, is as follows:

The river is receding rapidly and the weather has cleared, hence no further damage is apprehended.

Two bodies have been recovered from the wreckage along the Chase creek, but the number of deaths cannot be told. Joe Thorn, who was rescued from the flood and whose wife was lost, was taken to the hospital in a serious condition but will probably recover. Three men caught in the act of looting and who refused to surrender to officers, were shot and fatally wounded.

The flood in Chase was caused by the breaking of the dam of the Detroit Copper company, impounding a vast amount of tailings which ran down the creek with a seven foot breast.

Only one house on Chase creek escaped damage and many were entirely destroyed. The loss is appalling. North Clifton was badly wrecked. Nearly all of the residences in that section were destroyed or damaged.

The Becker-Franz Mercantile company in that section was damaged to the extent of \$10,000. The Coronado railroad suffered damage all the way from Clifton to Metcalf, and it will be several weeks before trains can pass over its lines.

So many restaurants and hotels have been destroyed that it is impossible to find a place to eat or sleep in the town, but there will be no shortage of provisions as many stores have escaped the floods.

The railway bridges are so badly damaged that it will be impossible to cross for some time.

EIGHTEEN PERSONS DROWNED.

Most of Those Who Perished Are Foreigners.

Solomonville, Ariz., Dec. 6.—As the result of thirty hours steady rain over Southern Arizona the mining town of Clifton, with 3,000 population, was swept by a terrific flood and hundreds of people have fled to the mountains. Owing to disabled wires, details are hard to obtain, but the known dead number eighteen and the list doubtless will be much larger. A majority of the population are Mexicans and Italians who live in small huts now inundated. The dead are mostly foreigners whose names cannot be learned. Two Americans are known to have perished.

SEVERE EARTHQUAKE SHOCK.

People of Kingston Thrown Into a Panic.

Kingston, Island of St. Vincent, Dec. 6.—A prolonged earthquake shock was felt here at night. It lasted fully eighty seconds. The vibrations were slow. The people of Kingston were thrown into a panic. No other shock felt here has ever lasted so long.

The Island of Barbadoes, about 100 miles to the east, and the Island of St. Lucia, about twenty-five miles to the northwest, also felt the shock. It was most severe on the Island of St. Lucia. There has been a continuation of earthquake shocks here at intervals and of varying severity since last February.

FREIGHT HOUSE DAMAGED.

Heavy Property Loss From Fire in Chicago.

Chicago, Dec. 6.—The incoming freight house of the Chicago, Burlington and Quincy railway company was damaged by fire at night to the extent of \$300,000. Several explosions from signal oil endangered the lives of the firemen and threatened adjoining buildings.

Two firemen were burned but will recover.

RIOT IN KANSAS CITY.

Started by Officers Trying to Arrest a Man and a Woman.

Kansas City, Mo., Dec. 6.—An attempt by three policemen to arrest John Rose, an Italian, and Honar Eckton, a Syrian woman, wanted in Columbus, O., on the charge of grand larceny, started a riot in the Italian quarter. Frances Citadino, an Italian, was shot through the head and fatally wounded and H. B. Morrison, a policeman, was shot and painfully hurt.

ASSES-THREE BILLS

HOUSE BEGINS ITS LEGISLATIVE GRIND BY PASSING IMPORTANT MEASURES.

ENDS THE BANKING LAWS

AVORITE MEASURE OF WESTERN LEADERS FAVORABLY ACTED UPON.

Washington, Dec. 6.—The house began its legislative grind-by passing three measures: Incorporating the National German-American Alliance, authorizing the secretary of the treasury to duplicate gold certificates in lieu of ones lost or destroyed, and amending the national banking laws so as to permit national banking associations to make loans on real estate and limiting the amount of such loans.

The banking bill has been one of the west's favorite measures and the leaders from that section lined up in favor of the legislation, which it was asserted will tend to popularize the national banks. The opponents of the bill insist that real estate is not a

proper security though a limit be placed on the loan. The bill was passed two to one.

BRIEF SESSION OF SENATE.

Results in the Introduction of Many Measures.

Washington, Dec. 6.—The brief session of the senate resulted in the introduction of many bills, resolutions, petitions and memorials and the receipt of a number of communications from the executive departments.

Senator Foraker's insistence that immediate action be taken on the pending resolutions for information regarding the discharge of negro soldiers of the Twenty-fifth infantry developed discussion, but action was postponed for a day.

SATISFIES THE CALIFORNIANS.

President Does Not Intend to Use Troops to Force Japs Into Schools.

Washington, Dec. 6.—California congressmen have received what they consider satisfactory assurance that the president does not desire to be understood as saying in the Japanese section of his message that he would use United States troops in forcing Japanese into the California schools. It is said to have been his purpose to convey the idea that he would use the military to protect Japanese against mob violence. Californians take no offense at this interpretation of the message and agree that the chief executive should do everything in his power to protect all foreigners against violence.

"This whole San Francisco affair is

proving to be a tempest in a teapot," Representative Julius Kahn said. "It will die out rapidly as soon as there is general understanding as to why California takes the position it does."

"The courts and not the public must settle all the legal questions involved," Inquiry has disclosed the fact that the legal proceedings to be taken in San Francisco by the United States district attorney in the matter of the admission of Japanese to the public schools were inspired by Secretary Root, who expressed the opinion that it would be one way of effectually disposing of the controversy.

CAR SHORTAGE INVESTIGATION.

Commerce Commission Will Begin It at Minneapolis on Dec. 15.

Washington, Dec. 6.—The investigation to be conducted in the Northwest into the complaints of car shortage by the interstate commerce commission will begin Dec. 15 at Minneapolis.

Communication Still Interrupted.

Panama, Dec. 6.—Railroad communication on the isthmus is still interrupted and mails and passengers at some points along the line are transferred from one train to another in canoes. Not since 1870 has there been such weather as that recently experienced on the isthmus.

Seamen at Odessa on Strike.

Odessa, Dec. 6.—The suppression of the Seamen's union by the government has been followed by a strike of the seamen with the result that the business of the shipping companies is completely tied up. About 11,000 men are out.

Care of the Dog.

Dogs vary greatly in their appetites, and occasionally we find a dainty feeder who will nose over a mixed dish of food, picking out a bit here and there and showing but little relish for what he does eat. This is an evident sign that something is wrong. Changing his teeth, if a puppy, thus disturbing his system, may be the cause, and in this case a little cooling medicine should be given.

AMUSEMENTS

"Ole Olson"

The next attraction at the opera house will be Mr. Ben Hendricks, the Northland singer in his beautiful comedy, "Ole Olson," supported by a company of artistic ability. Mr. Hendricks is a rare combination of good acting and singing, having a voice of much sweetness and described as a rich sympathetic baritone, while his acting is magnetic and full of delightful quaint comedy for which he excels. His songs include "Philopene," "Northland Lullaby," "A Swagger Swedish Swell," "Open your mouth and shut your Eyes," the last mentioned giving him the opportunity to show his ability as a warbler. "Ole" comes to the opera house Saturday, December 8th.

"Arizona"

The coming engagement of "Arizona" the drama by Augustus Thomas, author of "Alabama" and "In Missouri," will be one of the most notable events of the dramatic season.

"Alabama" has been adjudged by many competent critics to be the greatest drama of American authorship. When it was produced prophetic folk declared that Mr. Thomas was the genius who would lay the foundation stone for the American drama. Perhaps he has done so. His "In Missouri" which followed was an excellent play, and now comes "Arizona," which not only, but every critic in New York and Chicago has united in pronouncing "a better play than 'Alabama.'" "Arizona" as the name would indicate, is a typically American play. The scenes and incidents of it are laid about a frontier army post and a neighboring cattle ranch. At the opera house Monday, Dec. 10th.

A PLEASANT WEDDING

Irvine Chrysler and Sophie Jensen United in Matrimony at Home of the Bride's Parents

About thirty-five relatives and intimate friends of the contracting parties gathered at the home of Peter Jensen, 513 South Twelfth street Wednesday evening, December 5, 1906, to witness the ceremony that should unite the lives of Irvine Chrysler, of this city, and Miss Sophie Jensen, formerly of Twin Brooks, S. D. The ceremony was performed by Rev. J. F. McLeod, pastor of the Presbyterian church, at 8 o'clock. Miss Esther Chrysler, sister of the groom, was bridesmaid, and Peter Jensen, brother of the bride was best man. After the ceremony the entire party sat down to a sumptuous wedding supper. The happy couple left today noon for Glenwood, Minn., where they will visit at the home of Mrs. J. C. Toms, a sister of the groom.

The bride is a recent arrival in this city but has already made many friends here. The groom is well known here, having been for years a resident of Crow Wing county and for some months an employe of E. C. Bane. On their return from their trip they will go to housekeeping at once at 513 South Twelfth street and Mr. Chrysler will enter the employ of Toger Peterson at the Maple street meat market.

OUT OF SORTS.

People Not Really Sick Are Often Most In Need Of Care.

The people who actually are most in need of kind words and medical treatment are not those who are really sick, but "just out of sorts."

The old-time energy, force, strength and happy spirits are lacking; the physical and mental powers are flagging; there is poor appetite, and they cannot get the good out of the food they eat. In nine cases out of ten, this results directly from a weakened stomach, and no other treatment equals Mi-o-na to restore strength and health.

When the nerves and muscles are weak, if there is sleeplessness, irritability, and specks before the eyes, when the head aches and there is a dull pain in the back, and there is any distress and heaviness in the stomach, dizziness, and sometimes nausea, the use of Mi-o-na stomach tablets for a few days will make a world of improvement, and continued use for a reasonable time will restore perfect health.

These tablets are not mere digestives; they absolutely strengthen all the organs of digestion, so that there is good appetite, perfect digestion and strong nerves, when they are used.

A large box of Mi-o-na stomach tablets is sold for 50 cents by H. P. Dunn & Co., with an absolute guarantee that they will be successful in curing digestion and restoring health, or the money will be refunded. Ask them to show you the liberal guarantee they give with every 50-cent box of Mi-o-na.

DESIGNATED STATE ROADS

County Commissioners Designated State Highways in
Crow Wing County

TWO ROADS WERE NAMED

One Leading Toward Little Falls
And One Toward Bay Lake
And Aitkin

The county commissioners on Wednesday designated two highways as state roads. Under the law the state will state will pay one-third of the cost of improving these roads up to the limit of the state appropriation. The roads designated were one north and south road and one east and west road. The north and south road starts at the foot of Sixth street and runs easterly one-half mile to the town line and then south along the town lines between Crow Wing and Long Lake and St. Matthias and Daggett Brook to the Morrison county line. The east and west road starts at the east side of the city limits and continues east along the road known as the Oak street road to the east line of the center of section 28, town of Nokay Lake, thence along the county road south of Nokay lake to the intersection of the Bay lake road and the Aitkin county line. The north and south road is expected to be part of a road to Little Falls and the east and west road a part of a continuous road across the state from Duluth through Carleton, Aitkin, Brainerd and on west.

ALL TRAINS

LATE TODAY

Bad Snow Storm Seriously Interferes With Railway Traffic Today

HAD TO CHANGE ENGINES

Minnesota & International Had to Get Heavier Engine at Bemidji

Every train was late today. The Minnesota & International was the first one of the noon bunch to show up at about 1:20. The train lost an hour and a half between Big Falls and Bemidji and there was prospect that she would lose time all the way down but the management of the road set the No. 19 aside at Bemidji and put on the "six spot," one of their heaviest engines and equipped with a good plow and Engineer Russell brought her in in good shape making up ten minutes of the lost time. No. 6 was a sight when she got in, however, and was so completely incased in snow and ice that it did not look as if she could run at all.

No. 91, from the cities, pulled in next almost 40 minutes behind time, and No. 11 came in from Duluth about two hours late. No. 12 was reported at least two hours late with no certainty as to her being here on that schedule.

It is the best safeguard against indigestion, biliousness and dyspepsia, known to mankind. Hollister's Rocky Mountain Tea or tablets, 35 cents. H. P. Dunn & Co.

Slaughter of Deer in Michigan.
Marquette, Mich., Dec. 6.—Statistics compiled here show that during the hunting season just closed, 6,400 carcasses of deer were shipped to Lower Michigan. In addition 2,500 were transported to Upper Peninsula points, and hundreds of others were shipped out of the district via the Chicago line. The total of deer killed in this state was probably not under 15,000.

STARTLING EXPOSURE

METHODS EMPLOYED BY TEAMSTERS IN THE CHICAGO STRIKE REVEALED.

BURNED HORSES WITH ACIDS

PICKETS ALSO INSTRUCTED TO BREAK ARMS AND LEGS OF NONUNION MEN.

Chicago, Dec. 6.—A startling exposure of the methods employed in the teamsters' strike was given in the trial of Cornelius P. Shea and his fellow labor leaders before Judge Ball in the criminal court when Joseph Schultz, an alleged slinger, who with Albert Young turned state's evidence, was on the stand. Schultz declared that Shea had told him to break the legs and arms of the strike-breakers and especially to attack negroes. When this did not work satisfactorily, Schultz asserted that Shea ordered the hired pickets to throw eggs filled with acids at the horses driven by nonunion men. The acid throwers, according to Schultz, were responsible for many runaways and were considered a great aid in the fight against the employers. In referring to the eggs filled with acids, Schultz said: "Myself and other pickets were called into the picket headquarters and our captain gave us a number of eggs. The contents had been removed and the shells filled with acids. Shea was there, and told us that if we carried out the plan proposed it would create a stir among the strike-breakers."

The witness said that he had seen a man squirt from a syringe at horses driven by a nonunion teamster and that six policemen were unable to stop the runaway that resulted in State street, which was crowded with traffic at the time.

AGAINST JOHN D. ROCKEFELLER.

Standard Oil Attorneys Seek to Have Indictment Quashed.

Findlay, O., Dec. 6.—The attorneys for the Standard Oil Company of Ohio have filed in the court of common pleas motions to quash the indictments against John D. Rockefeller, J. M. Robertson, M. G. Vilas and H. P. McIntosh of Cleveland, officers of the Standard Oil Company of Ohio. It is stated that the indictments charge several separate and distinct offenses in a single count and are therefore bad for duplicity; that the indictments are uncertain and indefinite and do not charge an offense in such a manner as to enable the defendants to ascertain the character of the charge made against them.

The three defendants named in the motions other than John D. Rockefeller, will appear in court here Friday to plead to the indictments. Mr. Rockefeller will be allowed to plead through an attorney.

ROCKEFELLER MUST APPEAR.

Oil Magnate Summoned Before Court in Missouri.

St. Louis, Dec. 6.—The clerk of the United States circuit court here received notification from the United States marshal's office in New York that service had been obtained upon John D. Rockefeller and others in the government suit against the Standard Oil Company recently filed in St. Louis.

In addition to Rockefeller, the following joint defendants with him were served: Henry H. Rogers, William Rockefeller, John D. Archbold, Henry M. Flagler and Oliver H. Payne. They will be required to enter an appearance here.

EXPLOSION IN INDIANA MINE

Kills One Man and Seriously Injures Fifteen Others.

Seeleyville, Ind., Dec. 6.—One man is dead and fifteen others are seriously injured as the result of a dust explosion in the Rosebud mine east of here. The explosion followed a shot and caught 180 miners in the mine. The dead man is W. Benham of Knightsville, Ind.

The injured men were taken home and it is believed that there will be no further fatalities.

MISSING HUNTERS LOCATED.

Chicago Men Lost in Northern Minnesota Woods.

Chicago, Dec. 6.—News has reached Chicago concerning the fate of J. S. Lincoln and D. R. Caldwell, lost while moose hunting above Lake Superior not far from Grand Marais, Minn. They are alive and have been rescued.

SCHOONER DRIVEN ASHORE.

Captain and One Seaman of the Harvey Perish.

Digby, N. S., Dec. 6.—Death from the icy cold on the Western coast of Nova Scotia came to Captain Berry after his vessel, the three-masted schooner Emma R. Harvey, had gone to pieces and all but one of his crew had forced their way through the breakers to land. One seaman was drowned.

Captain Berry fell exhausted after reaching shore and was frozen to death. The other men found shelter.

Almost at the same time, and only eight miles away, the crew of the three-masted schooner Rebecca W. Huddell was passing through a terrible experience, but they saved their vessel by beaching it.

The Emma R. Harvey, an American schooner whose home port is Bucksport, Me., sailed from Applestand, N. S., bound for New York with a cargo of lumber. Coming down the Western coast of Nova Scotia she had a constant fight against wind and wave, and Tuesday night she encountered a terrific gale. Driven before the northwester with the temperature hovering about the zero mark, the Harvey reached a point just off Sloans Cove, eight miles east of Digby Gut. She was close in shore, and Captain Berry and his men struggled to keep the vessel off, but a tremendous gust hurled the schooner on the rocks. Masts went by the board and every man on board was thrown into the water. It was a fierce fight for life in the breakers, yet all but one succeeded in reaching land. The captain reached shore, but fell on the beach some distance away and within a short time was frozen to death.

WILL PREPAY INTEREST.

Secretary Shaw So Notifies Holders of United States Bonds.

Washington, Dec. 6.—The secretary of the treasury has given notice to the holders of United States bonds that the interest maturing on the several interest dates between and including Jan. 1 and May 1, 1907, will be prepaid without rebate on and after Dec. 15, 1906.

Checks for the interest due Jan. 1, 1907, on registered bonds will be mailed to the owners on or before Dec. 15. The amount of interest which may thus be prepaid is nearly \$12,000,000.

In anticipating this payment Secretary Shaw stated that he is influenced by the fact that the treasury collected surplus revenues amounting to \$7,000,000 in November and that the current month is also likely to give surplus receipts. In December, 1905, the surplus receipts were \$5,500,000. The action, therefore, releases for use in business a sum practically equal to the surplus receipts for November and December. The secretary said that he is unwilling to permit his department to aggravate conditions in the money market. It was thought best to anticipate two quarterly payments at one time, as in this way holders of registered bonds will only be obliged to send the bonds to the treasury once instead of twice.

ON CABINET APPOINTEES.

Senate Again Decides to Postpone Action.

Washington, Dec. 6.—The senate in executive session decided not to confirm any of the appointees to the president's cabinet until favorable action has been taken on the changes by the committees to which the nominations were referred. Therefore Chairman Hale of the naval committee did not report the nomination of Mr. Metcalf to be secretary of the navy.

BEGIN SERVING SENTENCES.

Officials of an Ohio Company Sent to the House of Correction.

Chicago, Dec. 6.—Robert D. Bradley, president of the Canton Rubber company of Canton, O., and Edwin Davis, vice president of the same institution, who were Tuesday sentenced by Judge Landis in the United States district court each to one year in the house of correction, have begun the active service of their sentences.

William J. Oby, a former officer of the company, who entered a plea of guilty at the same time as similar pleas were made by Bradley and Davis, was allowed to await his sentence until March because of the illness of his wife.

Finley Succeeds Spencer.

New York, Dec. 6.—The directors of the Southern railway here elected W. W. Finley of Washington president of the company to succeed the late Samuel Spencer. Mr. Finley has been second vice president of the road since Sept. 15, 1896. Prior to entering the Southern's service Mr. Finley was second vice president of the Great Northern railway.

The DISPATCH will be delivered at your door for 40 cents per month.

Free of Charge

The Great German American staff of Physicians and Surgeons, consisting of German, Scandinavian and American Doctors, licensed by the state for the cure of all nervous, private and chronic diseases, are now permanently located at the Ransford Hotel and will render services FREE OF CHARGE. You need not bring money as consultation and advice is free. The German American Medical Institute having a large number of patients under their care in this county, have established a permanent branch office at Brainerd in the

Parlors of the Ransford Hotel

These eminent gentlemen have decided to give their services entirely free for two months, to all invalids who call on them before February 1st. These services consist not only of consultation, examination and advice, but also of all minor surgical operations. Their object in pursuing this course is to become rapidly and personally acquainted with the sick and afflicted.

The doctors treat all forms of diseases and deformity and guarantee a cure in every case they undertake.

At the first interview a thorough examination is made and if incurable they are frankly and kindly told so, and they will give you such advice as may prolong your life. Male and female weakness also varicose, rupture, goitre, cancer, deafness and all diseases of the rectum are positively cured by their new treatment. They have discarded the old remedies used for ages by the medical world and which it would be folly to depend upon any longer for they do not cure as thousands die depending on them for relief. If you suspect kidney trouble bring your urine for chemical and microscopical analysis.

The surgeon in personal charge of the Brainerd branch office has had vast experience in London, Paris, Dublin, Heidelberg and Stockholm, go and consult this eminent physician, it matters not what discouraging reports have been made on your case, from any source, it matters not if you have been told that grim death stares you in the face. If there is the smallest thread upon which to hang a hope he will find it and will surely lead you to peace, contentment and health.

Don't fail to call as a visit costs you nothing and may save your life.

NOTICE—Married ladies without their husbands, minors without their fathers will positively not be admitted to consultation.

Office hours—9 a. m. to 8 p. m.; Sundays from 10 to 4.

INTO FATAL TRAIN WRECK.

Southern Railway Officials Begin an Investigation.

Washington, Dec. 6.—Officials of the Southern railway have begun a formal investigation into the wreck near Lynchburg, Va., Thanksgiving morning in which President Samuel Spencer of the Southern system and several other persons were killed. The inquiry is being held at the general offices of the Southern railroad in this city.

The hearing is being held behind closed doors and all statements of witnesses are being reported by stenographers. The inquiry will be very rigid. B. J. Jacobs, the operator at Lynchburg, and C. D. Mattox, the tower operator at Rangoon, upon one of whom it generally is supposed the responsibility for the disaster rests, have testified.
